

**Reading:** We have finished our third Journeys book! I will be sending the book home with a reading list again. What a perfect way to rack up the minutes for our 100 min. challenge!! After your child has read the stories to you, please return the book to school. Don't forget to be reading each night and marking off your minutes!

**Math:** Unit 5 is flying by! We will be taking our test at the end of the week! Students continue to explore counting in groups of 10s and using our 120 chart.

**Writing:** Our Opinion writing is going great...as you know 1st graders have an opinion about EVERYTHING!!

**Unit Work:** This week we will learn about Dental Health!

**Notes:** Continue to send your child dressed for the weather and don't forget to send shoes in their backpack!! Continue to watch for Math homework 1-2 times/week.
