Cameron  
Elementary  
Vacation  
Education

**Who is it for?**

Cameron Elementary – Vacation Education! (Summer School) is open to all Cameron School District students who will be in grades K-5 during the 2019-2020 school year.

**What is its purpose?**

The purpose of our Summer School is to offer a variety of fun and stimulating learning experiences.

**When is it?**

- Vacation Education (Summer School) will run from June 10-21<sup>st</sup>. Classes meet Monday through Friday from 8:30 a.m. until 11:45 a.m.
- This is a ten-day summer school program.
- *Breakfast* - Breakfast will be offered to all students. Breakfast will be served starting at 8:00 a.m. Students not riding the bus or not eating breakfast should not arrive before 8:25 a.m.

**Who will be teaching?**

All are certified teachers.

**How will the students get to school?**

Buses will pick up and drop off students that are on the bus route. Information pertaining to busing will be sent home later.

**What about attendance?**

There will be no penalties for missing some days because your family goes on vacation.

**Grades 1 & 2**

*The Science of Cooking (Mrs. Liedl-Rykal)*

This class explores delicious culinary creations while incorporating science (and math and literature, too). Our goal is to show students that there is science taking place in every culinary adventure. Kids work hands-on to create edible experiments. Bon appetit!

*Oceans of Fun (Miss Moore)*

Explore little known animals, treasures and garbage of the ocean using information from the Internet, books, games, hands-on experiences and art projects. Ahoy, mates! Join us for oceans of fun!

-----  
*\*\*All students will have one week of art and music (alternate weeks).*

*\*\*All students will have one week Phy. Ed. and Technology (alternate weeks).*

*Art (Mrs. Waters)*

Students will be using literature to set the stage for our projects. Our Native American project will be done on simulated leather and tell our own picture story. Our Secret Page project will use decorative items and paper weaving. Finally, we will draw a skyline using contour drawing. Depth will be created using oil pastel blending.

*Musical Masterpieces (Mrs. Traicoff-Stratton)*

Exploring musical masterpieces through listening, moving, singing, and playing. Students will listen to important music from history and use their bodies and instruments to explore the musical ideas in each piece. Some small projects

*Physical Education (Mrs. Wilder)*

Get ready to run, jump, throw, catch, and get fit while having fun! In this summer school class yelling is allowed as you try to capture the other teams flag or tag a robber trying to steal your money – aka beanbags! Bring your tennis shoes and come ready for lots of action and excitement!

*Technology (Mr. Martens)*

It's time to get "techy"! Use your technology and thinking skills to practice and apply Math and Reading skills. Students will use iPads and chrome books to explore a variety of apps and websites.
